

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of every international business. Transporting industrial goods takes place each day on our industrious planet. Originally innovated as industrial vehicles during the 1930s in the United States of America, lift trucks gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread internationally.

In the year 1949, started by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the business is simply called TCM Corporation. Through the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation with the trade. TCM started building lift truck manufacturing locations outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures many models of industrial lift trucks with over 50 years of accumulated expertise and technology, making their products recognized and used all over the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading company.
